

```
/home/jakob/ros/catkin  
_ws/src/refill/include  
/refill/distributions/distribution_base.h
```

```
graph TD; A["/home/jakob/ros/catkin_ws/src/refill/include/distribution_base.h"] --> B["glog/logging.h"]; A --> C["Eigen/Dense"];
```

The diagram illustrates the dependencies of the file `/refill/distributions/distribution_base.h`. It is shown in a grey box at the top. Two blue arrows point from this box to two separate white boxes below it. The left box contains `glog/logging.h` and the right box contains `Eigen/Dense`.

`glog/logging.h`

`Eigen/Dense`
